

# DEXTER'S FLYING MILK CARTON

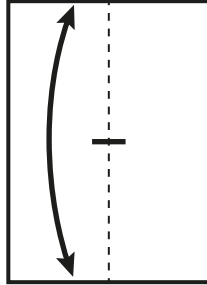

Print out the template on the next page, colour Dexter in and follow the folding instructions below

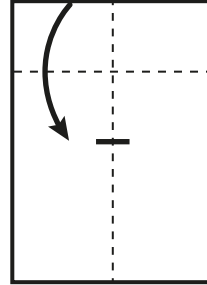

**REMEMBER TO ASK A GROWN UP FOR HELP**

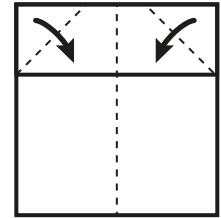

1. Fold a piece of A4 paper in half, crease and then open back up.

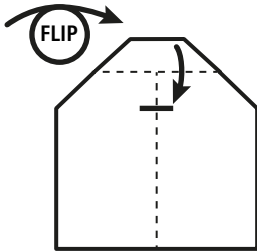

2. Fold vertically in half and make a small crease to mark the centre point.

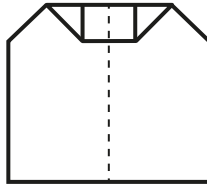

3. Fold top edge down to the mark and crease it.

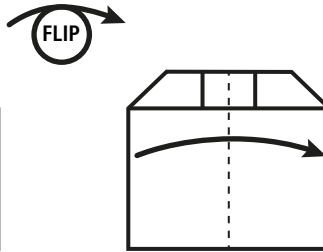

4. Fold both corners 45° down to the edge of the last fold.

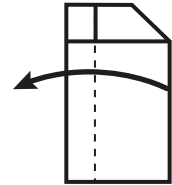

5. Fold the top down to the mark created at step 2.

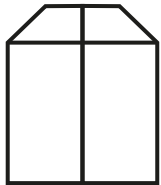

6. This is how it should look.

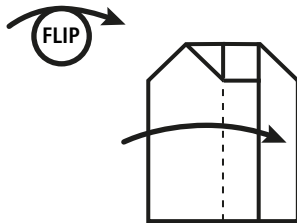

7. Fold the plane now in half back along the centre line.

8. Fold the left wing along the crease indicated above.

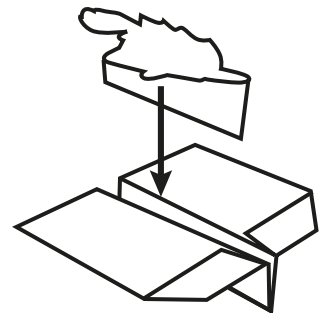

9. This is how it should look.

10. Fold the right wing now to mirror the left along the dotted line shown above.

11. This is how it should look. Open the plane up

12. Colour in Dexter below, cut him out and glue the dotted panel area into the centre front part of the plane.

**DEXTER**
